

TWARIK HAROUNA MUGUMYA

Mukono, Uganda | P.O Box 107302 Kila | +256-775-932356 | mtwarikharouna@gmail.com

PROFESSIONAL SUMMARY

Analytical leader with a Master's from Carnegie Mellon and 5+ years of experience in data science and engineering, specializing in building scalable BI products and durable dashboards using **Superset** and **Dataiku**. Proven track record in architecting real-time data flows and Snowflake-integrated analytics to drive strategy and operations for large-scale mission-driven organizations.

EXPERIENCE

One Acre Fund

Uganda

Data and Analytics Coordinator

July 2025 - Present

- **Scalable BI Development:** Design and maintain organization-wide "tentpole" dashboards using **Apache Superset** and **Dataiku**, enabling self-service analytics for Cross regional operations serving 70,000+ farmers.
- **Analytical Domain Ownership:** Lead analyst for the Uganda Tree Production Project; owning the full delivery of data products tracking 2M+ trees from sowing through survival monitoring.
- **Automation:** Architected real-time data pipelines using **Zapier** and API streaming to automate the flow between CommCare, Google Sheets and Superset, eliminating manual field reporting bottlenecks.

Upwork Global Inc.

Remote

Data Science Analyst

Oct 2024 - Present

- Collaborate with global clients to deeply understand operational contexts and deliver tailored ML solutions.
- Utilize Python and R to synthesize complex datasets into clear, usable data products and visualizations.

Andela Inc.

New York, USA (Remote)

Full-Stack Engineer (Data)

Jun 2021 - Dec 2022

- Executed targeted **BigQuery** queries to extract high-value insights for global data-driven reporting.
- Automated reporting workflows to drive revenue growth; recipient of the **Andela EPIC Award** (2021).

Hamoye AI Labs

Nigeria (Remote)

Data Science Intern (Data Engineering & MLOps)

July 2020 - Dec 2020

- Built and maintained robust data pipelines and processing systems to support MLOps workflows.
- Collected and wrangled diverse datasets to ensure high-fidelity modeling and analytical accuracy.

EDUCATION

Carnegie Mellon University

Pittsburgh, PA, USA

Master of Science in Electrical and Computer Engineering

May 2019

- **Specialization:** Data Science
- **Coursework:** Big Data Science, Data Analytics, Data Inference & Applied ML, Applied Stochastic Processes

TECHNICAL SKILLS

- **BI & Visualization:** Apache Superset, Dataiku, Tableau, Power BI, Google Sheets, Streamlit
- **Data Tools:** SQL (Advanced), Snowflake, BigQuery, Python, R, Zapier, API Data Streaming
- **Data Collection:** CommCare (Case Management), KoboToolbox, ODK, AppSheet
- **Engineering:** Apache Airflow, Kubeflow, PostgreSQL, MLOps, Data Modeling Concepts

TRAINING & AWARDS

- **Building Next-Gen LLM Apps:** Andela AI/ML Upskilling on LangChain, Pinecone, and OpenAI.
- **ML for Earth Observation:** Bootcamp on spatial data and satellite imagery analysis.
- **Kaggle Hack-Africa:** 2nd runner-up in regional Hackathon (2018).
